EVALUASI PENGAJAR

| Evaluasi                                                                                                                                                                                                    |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Perkembangan hafalan santri tergolong baik. Kelancaran bacaan sudah baik, namun tetap perlu menjaga konsistensi murajaah. Rata-rata nilai bulan ini 85.68.                                                  |
| Rekomendasi                                                                                                                                                                                                 |
| <ul style="list-style-type: none"><li>• Pertahankan kedisiplinan setoran.</li><li>• Laksanakan murajaah setiap hari.</li><li>• Tingkatkan ketelitian tajwid dan makhraj.</li></ul>                          |
| Target Bulan Berikutnya                                                                                                                                                                                     |
| <ul style="list-style-type: none"><li>• Menambah hafalan baru sesuai target dari Ustadz.</li><li>• Mempertahankan nilai rata-rata minimal 85.</li><li>• Menjaga konsistensi murajaah setiap hari.</li></ul> |

Juwana, 31 Agustus 2026

**Ustadz Pondok**

A handwritten signature in black ink, consisting of a large, stylized 'S' followed by 'yifaul Qolbi' in a cursive script.

**Ust. Syifaul Qolbi**
